

## Consultation on the Future of Westbridge Residential School

### Proposal

The Ministry of Education is seeking feedback on a proposal, by the Minister, to **close Westbridge Residential School**. This follows concerns raised by the Education Review Office (ERO) pertaining to the school's ability to provide a safe and effective learning environment for students with complex needs.

Under the *Education and Training Act 2020*, the Minister of Education may close a specialist school if dissatisfied with the manner in which it is being conducted. As part of this process, we are consulting with the school, the school community, the boards of schools whose rolls may be affected, stakeholders and other interested parties.

Enrolments at Westbridge Residential School remain open for consideration during the consultation period.

### Why is Closure Being Considered?

Westbridge Residential School provides education for students aged 9–15 with highly complex behavioural and social needs. Despite ongoing interventions and governance support, significant concerns remain regarding the ongoing health and safety of students and the quality of education that is provided at the school.

ERO's latest report whilst acknowledging improvements, highlights the concerns above and recommends closure. The Ministry agrees that these issues raise serious questions about the school's ability to meet its obligations as outlined in the Education Report linked below.
