

## Completing the video presentation

Provide a video presentation of up to two minutes (it must not exceed this)

Advice to help you prepare your video presentation:

### *Instructions for preparing your video:*

- Your video must not be longer than two minutes.
- You can choose which online service you would like to use to provide your video. We recommend you use YouTube and upload your video as an unlisted video.
- Provide the video link in your application form (there will be a space for this).
- There must not be a password or login needed to view your video.

### *Quality*

We don't expect you to have professional filming equipment, so using a phone or computer is fine. Review your footage before sending to make sure image quality is good enough to get your message across. The video shouldn't be too shaky. If you are struggling to get the quality you want, ask friends or whānau to help you.

### *Content*

Make sure your message comes across clearly within the two minute timeframe. Use real-world examples and evidence whenever possible and stick to the relevant topic. This is your chance to really stand out, so let your passion for working with children and young people who are Deaf shine through. The selection panel need to see your level of skill using New Zealand Sign Language, and passion/commitment to become a Sign Language Interpreter. Please note, anything that exceeds the recommended time for your video will not be assessed, so practice ahead of time if you're worried about the video length.

### *Presentation*

Please make sure your video is clear, concise and viewer friendly. Your effective NZSL communication skills should come across in your video submission. Also consider your environment and personal presentation when filming. Take some time to really think through your plan before filming and spend time looking at the video afterwards before submitting the final version. This is your chance to make a strong and lasting impression – good luck!

### *Uploading your video to YouTube*

To upload your finished video as an unlisted version to YouTube, follow these steps:

1. Sign into your YouTube account or follow the instructions to create one.
2. Go to 'Your Channel' and select the 'upload video' button.
3. Click the 'select files' button and choose your video.
4. Fill in the video details, elements, and checks.
5. On the visibility tab, select the 'unlisted' option.
6. Once uploaded, select the options button (three vertical dots) and click on 'Get shareable link'.
7. Paste the link into your application form, in the space provided.

*Other information*

- We will only view your video online through a web-browser.
- Your video will not be downloaded or stored in any Ministry of Education IT systems.
- Note that your video may not be viewed if your application is not shortlisted for the assessment panel.
