

Specialised School Transport Assistance (SESTA)

Request for review of decision

This form is to be used to request a review of a SESTA decision made by the School Transport team at the Ministry of Education.

A review will be considered if:

- › you believe we have incorrectly assessed the student's eligibility for SESTA
- › the student has started their final year at school and is assessed as ineligible from a new residential address
- › there are exceptional circumstances that were not considered during the initial application (e.g. a student is living in emergency housing or has been affected by displacement or natural disaster)
- › there is new information available that may alter the original assessment.

It is important to note that our review process does not take into account broader family circumstances.

You may wish to ask for support from your school or Learning Support contact when filling out this form.

The completed form must be emailed to: school.transport@education.govt.nz

The review of the SESTA decision will be carried out by the Ministry's School Transport team. We may also consult the relevant Ministry Regional Integrated Services Manager and school.
