7	Request to include 2150 and 2118 East Coast Road in zone for Silverdale School	this is a continuation of the East Coast Heights Development proposed to be included in the amendment. Stage 3 & 4	This is within the development (Stage 3 & 4). It would make sense to include it for consistency to match the overall housing development. it would be worth including it in Silverdale's zone to provide consistency across the full residential area as per the unitary plan.
